

GOLDEN TICKET AWARD

Dream big. Earn an all expenses paid trip to the elite U.S. Cyber Camp in August of 2020. Start now!

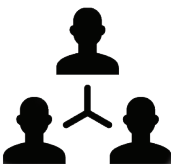

“The U.S. Space & Rocket Center’s newest STEM* camp, U.S. Cyber Camp, allows trainees to delve into the world of cyber technologies through blended hands-on experiences and challenges. Trainees learn the ethics and responsibilities of personal data security for safeguarding professional networks and the challenge of an expanding Internet of Things. This program balances individual instruction with team building.” U.S. Cyber Camp.

Selected teams must meet specified criteria. Judges will review all submitted credentials and badges earned by the finalists. Awardees will be determined based on a final presentations to judges. Selection will be final. All team members eligible to attend U.S. Cyber Camp must be between the ages of 15 - 18 years old and U.S. citizens.
